

ERICH SNELL

Frontend Developer and UX Designer

PROFILE

I am an enthusiastic and driven fourth year student double majoring in Digital Humanities and Social Sciences and Web & Mobile Computing. With experience in customer service as well as my unique tech background, I believe I showcase the necessary skills to succeed in an increasingly competitive industry.

EXPERIENCE

Rochester Institute of Technology
Summer 2022

Lead Web Developer

- The developer role largely dealt with creating each website page and populating them with content and migrating data from the google sheets database

City of Rochester
2019 - 2022

Lifeguard/Lieutenant

- Worked as a lifeguard for the City of Rochester since the summer of 2019. During that time, I performed saves, provided first aid, and served as a first responder to water-related emergencies. In addition, I was responsible for training new lifeguards and refining their skills.
- During the Summer of 2021, I was promoted to lieutenant at Durand Beach where I was responsible for running frills and assisting captains and managers in their duties.

City of Rochester
2021 - 2022

Ice Rink Aid

- Served as a rink aid at the Martin Luther King Ice Rink in downtown Rochester. My duties included teaching patrons how to ice skate, providing first aid, and supervising the patrons on the ice.
